

SSP- SYSTEMS & SOLUTIONS PROVIDERS

ENGINEERING MASTERY

SINCE 2012 | BEIRUT, LEBANON

COMPANY OVERVIEW

WHO WE ARE

SSP offers reliable and comprehensive electro-mechanical integration services for commercial and residential projects with deep focus on precision engineering and customer-centric approach.

Established in 2012 and headquartered in Beirut to provide cost effective and cutting edge solutions with excellent service and support.

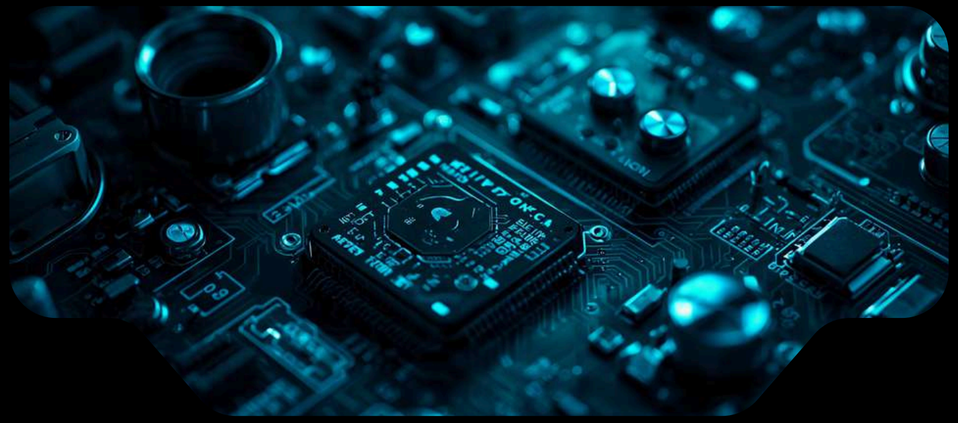

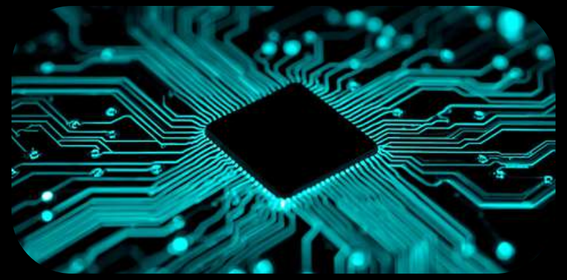

WORLDCLASS

ENGINEERING SERVICES

WORLD-CLASS ENGINEERING SERVICES

MISSION & VISION

Mission: To be the trusted partner navigating the complexities of modern electrical and mechanical solutions — delivering reliability, safety, and innovation on every project.

Vision: To deliver the best workmanship, creative output, quality products, and competitive costs — redefining possibilities and transforming visions into reality.

COMPREHENSIVE SERVICES

In the dynamic realm of electrical and mechanical contracting, SSP stands as a beacon of innovation and excellence offering a comprehensive suite of services encompassing supply, installation and maintenance.

Our expertise goes beyond the conventional, we meticulously craft solutions and select best of kind products that not only meet but exceed expectations.

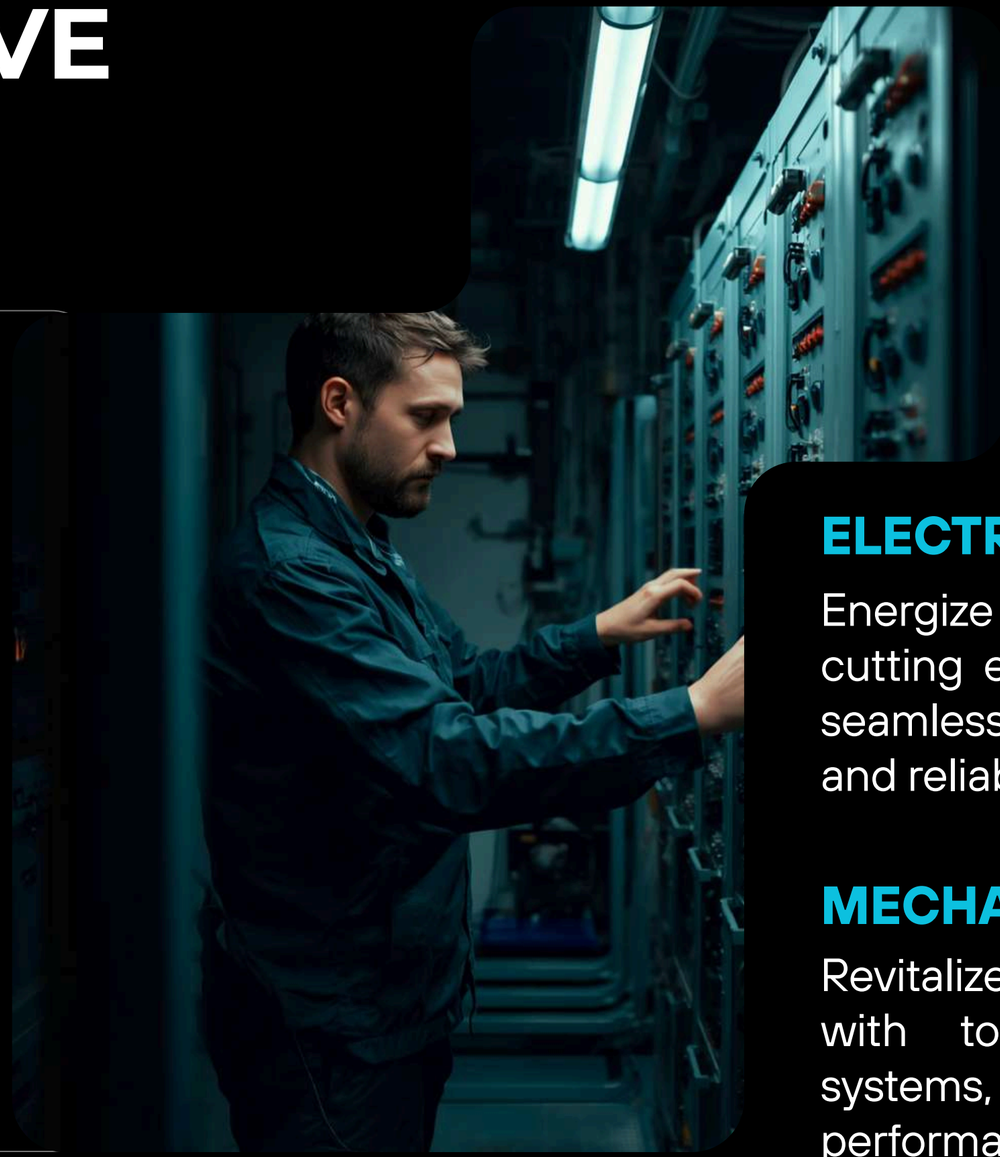

Through seamless integration, we weave together the intricate threads of electrical and mechanical systems, creating a harmonious symphony of functionality.

However, our commitment extends far beyond the initial implementation since our dedicated maintenance services ensure sustained performance and reliability.

LOW CURRENT & SECURITY

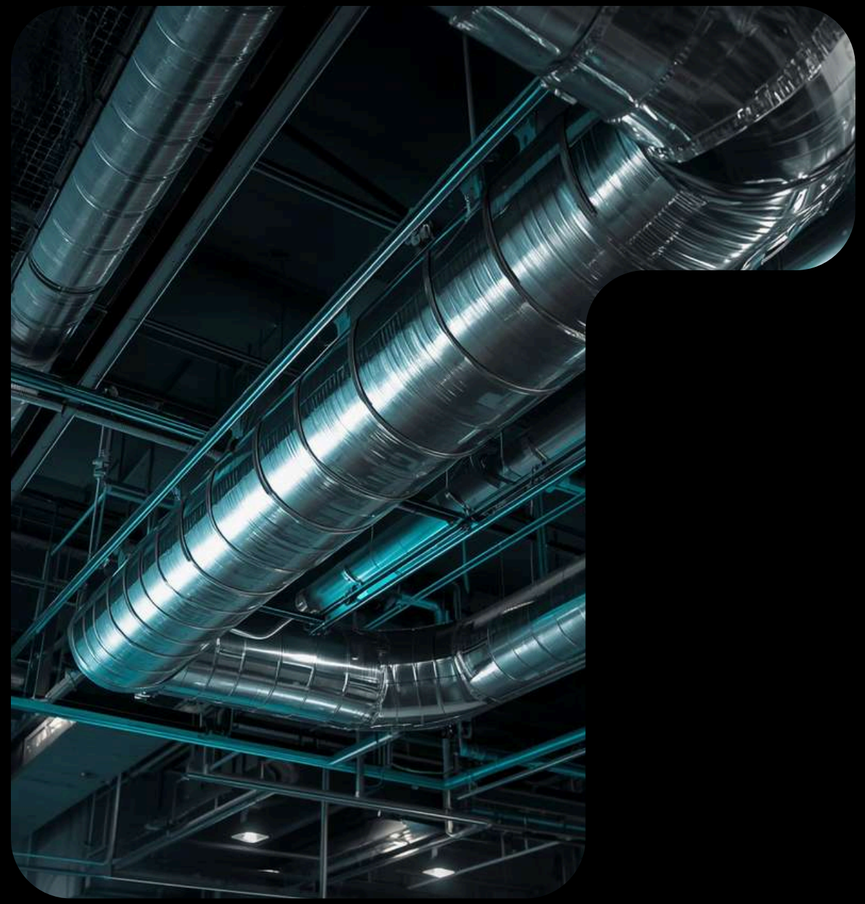

LIGHTNING PROTECTION & ELECTRICAL EARTH

Explore our comprehensive suite of electrical systems. State-of-the-art and robust systems, ensuring a seamless and secure infrastructure for your needs. We offer A to Z electrical systems for kind of projects starting from cabling , panel boards installation, CCTV, access control, automation and electrical earth

MECHANICAL
SYSTEMS

HVAC | FIRE SAFETY | VENTILATION | PLUMBING

MECHANICAL SYSTEMS

MECHANICAL SYSTEMS SOLUTIONS

HEATING

Boilers, radiant heating, forced air, heat pumps, and underfloor heating solutions.

VENTILATION

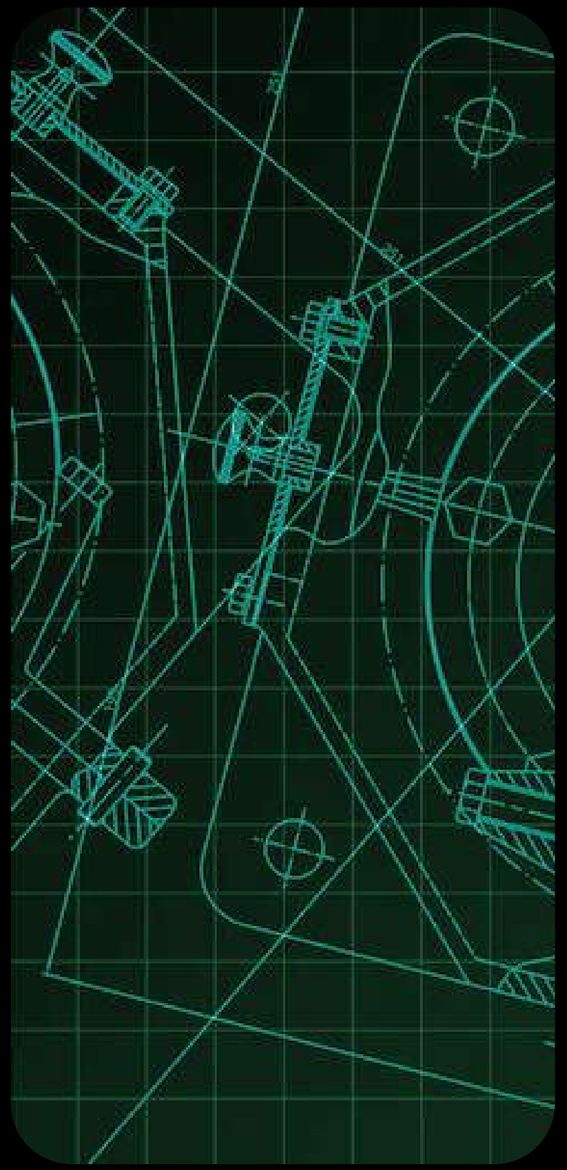

Grilles, louvres, ducting, kitchen ventilation, and exhaust systems installed.

AIR CONDITIONING

Chillers, VRF systems, standalone and BMS-managed air conditioning solutions.

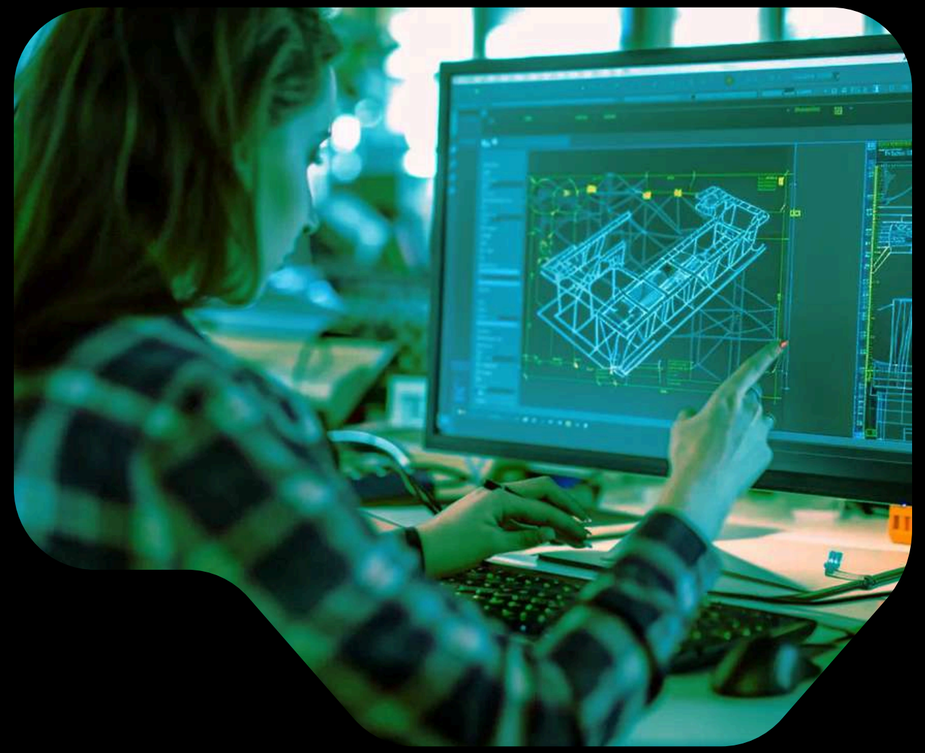

PUMPS & PLUMBING

Full pump and pipe supply, installation, and maintenance for all building types.

IN ACCORDANCE WITH INDUSTRY AND GOVERNMENTAL STANDARDS

BASED ON LATEST DOMAIN TECHNOLOGIES

All life safety systems comply with EN and NFPA regulations, ensuring occupant protection, asset security, and full regulatory adherence across residential and commercial projects.

LIFE SAFETY

SYSTEMS

PROTECTION & COMPLIANCE

FIRE ALARM

Conventional and intelligent addressable fire alarm, EN-54 and NFPA72 compliant

FIRE FIGHTING

Wet and Dry risers, fire extinguishing as per the EN-3, EN-12845, NFPA10, 13 and 101 compliant

SMOKE MANAGEMENT

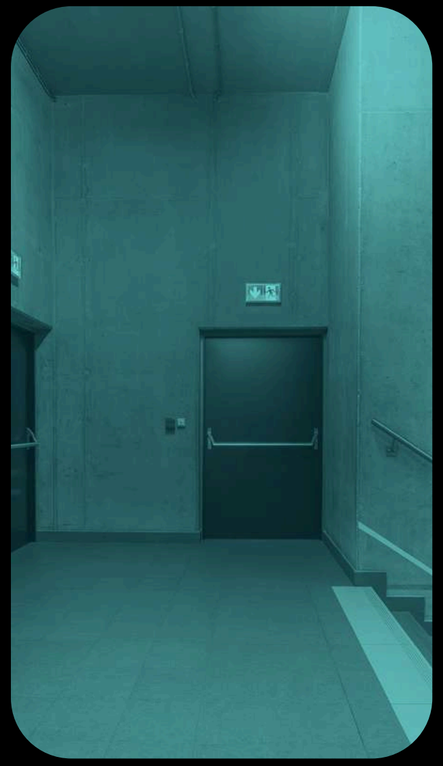

Automated advanced smoke management solutions, expertly designed to efficiently control and evacuate smoke in the event of a fire.

EMERGENCY LIGHT:

Maintained and non-maintained, EN and UL listed.

ULTIMATE PROTECTION WITH OUR FIRE-RATED DOORS, DESIGNED TO SAFEGUARD LIVES

FIRE RATED DOORS – SAFETY MEETS ELEGANCE

Protect lives and property with our premium fire-rated doors, engineered for maximum safety and durability.

Trust our life safety solutions to provide SEGT peace of mind without compromising quality or aesthetics

FIRE
RATED DOORS

FIRE
RATED DOORS

SSP offers customized fire rated doors combining luxury with certified protection. Available in premium wooden and metallic finishes, each door meets rigorous EI-120 fire resistance standards.

All doors are EN Certified, engineered to contain fire and smoke for a minimum of 120 minutes. Designed to complement architectural aesthetics while ensuring full compliance with international fire safety codes.

WE REDEFINE POSSIBILITIES AND TRANSFORM VISIONS INTO REALITY

REASONS TO WORK WITH SEGT ELECTRO-MECHANICAL ENGINEERING

WHY
CHOOSE US

01 RELIABILITY & QUALITY

Every project is delivered with the highest standards of workmanship, using quality-certified products and proven engineering methods for lasting results.

02 FULL RANGE OF SERVICES

We cover Supply, Installation, and Maintenance across electrical, mechanical, and life safety systems — a complete one-stop engineering solution.

03 NATIONALLY RECOGNIZED

SSP is a trusted and respected name across Lebanon, with a strong reputation built on successful delivery and client satisfaction since 2012.

04 FREE CONSULTATION

With hundreds of completed projects and a free initial consultation offered, SEGT makes it easy to start your next engineering project with confidence.

AS A DEDICATED TEAM OF PROFESSIONALS, WE SPECIALIZE IN DELIVERING OPTIMAL INSTALLATION AND MAINTENANCE SERVICES FOR YOUR PROJECTS
